

Congratulations to our 2019 Cohort

This is the first year that The King Edwards Foundation has introduced catchment areas and a priority score. This seems to have had an impact on results across the board with scores seeming to be suppressed compared to previous years. We are proud of all our pupils who have worked extremely hard. At Einstein11Plus it has always been our aim to build strong math's and English skills and a genuine love for learning in our pupils, rather than working to pass a test. We believe that the confidence we instill in our pupils will continue to serve them throughout secondary school and beyond.
